**Tribute from Wim Veldman**

Relation: Professionally

My thoughts are with you Lauren and Andrew upon your loss. I spent several very interesting and challenging weeks with your Dad in Peru in 2001, driving and flying the Camisea gas pipeline route --along the desert-like Pacific coastline south from Lima and then up to 4400 meters over the Andes in a helicopter, struggling for lift, into the Amazonas jungle. Good memories.

**Tribute from Millie Smith**

Relation: Neighbor in unit 10.

Just returned from China and was very sorry to hear about Andrew's passing. Although I didn't know him that long, he was a very witty and memorable man. We had discussed and were planning on doing some planting in his yard next summer. Please accept my deepest condolences.

Lauren and Andrew it is difficult to lose a parent even when they have been ill. You have my
