Relation: Family friends and employees

Not all of the information you find on the internet is Good news, but can be bittersweet. After years of wondering about Archie, Jean, Cathy and the boys, this has settled some emotions for us.

I first met Archie in the fall of 1971 when at Catherine's insistence I applied for a job working for Arch at the Macs store he was managing. There I had the pleasure of working with the entire Kruger Family. In the spring of 1973

Archie and Jean moved to managing the new Shell Self Serve stores on Heritage Drive in Calgary. I was asked to go with them as an Asst. Manager, and I have been thankful since, that I said yes, for it was there that Archie hired, and introduced to me, my wife of 41 years, Linda.

Archie was in my life for only 5 years, but had a profound influence on my work ethic, respect for authority, and the need for responsibility. It is with profound regret that there is a need for it, but we send out our heartfelt condolences to the Kruger family, and only wish we could have been in touch under better circumstances.
