Relation: Friend

Hi Veena please can you send this msg to Brian maybe at funeral if it's ok from me. Dear Brian I am so sorry to hear about Dorothy. My deepest sympathies to you and all the families. May the Lord bless and comfort you. To me Doy was a precious friend from the time we met at FGBI. She never forgot me though oceans and time separated us. She always remembered us and our children then their children on birthdays and Christmas time especially. I remember her generous heart always giving even having Valentine and I visiting in Banff with a ride in the cable car over the scenic Banff mountains. She was always waiting for her healing miracle "tomorrow" and now it has come safe and at peace with Jesus. I mourn for her but not as those who have no hope for I know we shall meet again for joy cometh in the morning. God bless and comfort you all at this sad time

### **Tribute from Lavina**

Relation: Niece

Aunty Dot was a faithful friend to my mom (Cheeky) they met in Bible school in the 70s and remained firm lifelong friends. Aunty Dot "adopted" my brother and I as two of her many, many other nieces and nephews from around the world, but treated us as though we were the only ones. When I moved to Canada at the age of 19, aunty Dot was there to help both physically and financially. But most valuable to me was the fact that she was also there to pray whenever and whatever the circumstance. Her faith in Jesus was unshakeable- and in these last years she still prayed with faith for her "day of miraculous healing" which we know finally came on Feb 28. She is loved, she is missed. All my love and condolences to Uncle Brian and the rest of the family.
