### **Tribute from Glen & Kalvin Herbst-MacKay**

Relation: Uncle

My fondest memory of Uncle Frank will always be of him taking me flying. As a little boy I remember waiting for him to drive past the house to the airplane hanger, and I would take off running following behind him. He always took me up with him, I never remember him leaving me behind.....and he never did. All of our thoughts and love are with you now.

To All Of Franks Family Our Deepest Sympathy To All Of You, I will never forget when I was just little growing up on the farm Frank would fly his crop duster down it was so awesome to watch, I used to think he was magic because no one else I knew could fly an airplane. He will be missed,
