**Tribute from D'Arcie Knoll**

Jan and I had a very unlikely friendship. When we met, Jan was in her 70s and I'm only in my 30s. I started walking her dog Bentley and we developed a very close friendship. I spent more time visiting with her than walking Bentley! I got to know so much about her and her family just from the stories she would tell me. She never treated me differently despite my piercings and tattoos, and often said to me "I have a tattoo and purple hair, I love people who are different."

Jan, I can't believe you're gone. Thank you for being such a good friend to me. I will always treasure our visits and the laughs we shared.

**Tribute from Amber Spirit Horse**

Relation: my big sister

On May 5 I had a wonderful time in memory of my sister, Jan, it would have been her 76th birthday. I thought of her kindness, great love for her family, and her big sister caring. I love you, Jan, forever!
