Relation: Friend

RIP Keith. We were happy to have met you, many laughs and good times were had. I hope you are still laughing and still sharing your unique sense of humour wherever you are after this life on earth. You will be missed by all your friends.

**Tribute from Martha Esparza**

Relation: Work

I met Keith in North Hollywood, California. He was the kindest, generous and funny man. Very fair. Very funny and always gave great advise. He was always looking out for those that surrounded him. He would joke and call himself Dr. Feelgood. He'd always say he would go to the surrounding bars and say "Cerveza Por favor" and that's all he needed to get a beer. I am so sorry to learn of his passing. I am ever so grateful for his kind words and life advise. May he rest peacefully.

Relation: Dads good friend

So sorry to hear! I have great memories of Keith and my Dad hanging out together! They went to school together in Ontario. I lived in Vancouver and Victoria and remember good times. I live in North Hollywood now!

**Tribute from Renzo Caredda**

Relation: A friend.

I had known Keith since the 1980's. I have only now heard of his passing 3 months after the fact. Unfortunately we had lost touch in recent years, I recall hearing from him a few years back. Condolences to his children and grandchildren. Keith was the most generous person I have ever known and that sense of humour was something else!
