Dear Lee:

I was saddened to hear the news about Peg. I remember well her warmth and spirited collegiality around Buchanan. And fond memories too of the little place on Galiano. My very best wishes to you at this difficult time.

Relation: Friend of the Family

To Peg's family, I was in shock when I read about Peg in the Fernie Free Press, Peg will always hold a special place in my heart, I knew her as a little girl and as a young adult, then she left Fernie to further her career. I last seen Peg at the Fernie Re Union and she signed her book for me, which I will cherish forever, also I recently lost my daughter and Pet sent me a card and letter. Peg was a beautiful lady both inside and out, her smile will remain forever in my heart. My sincere sympathy goes out to Pet's family and all those who were near to her.

Her love, her light, her generosity, her curiosity, her passion for life will live always in my heart. Truly a remarkable incomparable woman, I can only hope that I will live to be a fraction of what she was. I thank goodness that I was able to spend the time I did with her. You are all in my thoughts every single day. All of my love!

**Tribute from Brad North**

Relation: Student

I loved Peg, I was lucky enough to land in her class at UBC coming from a small town in northern BC, with no academic background. Looking back now I can see she knew I was different and had potential of some kind. I somehow got what i needed to trust myself in thinking, art, music, and people. I remember when she met Lee and they became an item the year I was in Arts One. I was happy for her but i confess my heart ached, but not as much as it ached when I finally tracked them down on the internet only to find I was too late to see her again and thank her. She was one of the best and was always missed; now, deeply. Condolences to Lee and her family
