Tribute from Gisela Theurer

Relation: Family friend for 45 years

For Heidi and Hart: Having you as part of my family for so many years has brought much pleasure and depth of living, as I have shared joys and heartache with you: four generations' worth! The groundwork was laid very early, when Heidi and I met at 11 years of age, and I really enjoyed visiting the Buckendahl home, where the food was delicious, the atmosphere joyful, and your mother, with infinite patience, taught me crafts (I was proud of my potholders). Over the years, I have watched the strength of the family as you coped with various tragedies, and supported your mother through her many health difficulties. She truly was an amazing woman in her resilience and enjoyment of life. You have many beautiful memories to carry you through this difficult time. My thoughts and love are with you both.
