Tribute from Dorothy A Taylor

Relation: Senior center and carpet bowling

You are now at peace Ruth.

You were so well loved and liked.

Everyone who knew you will miss you so very much.

Tribute from Melissa Maurice

Relation: I'm her granddaughter

I am thankful for the love we shared. I am thankful for the time we had. I am thankful for the time you had with Parker and Grady. They are thankful for the joy you brought to them to have you say you'll stay for Christmas. I am thankful that we got to have you here for a little while longer.

The trials and tribulations in your life were met with grace, strength, determination and humility. You persevered. I admire you.

Your love for your family knew no boundaries. You loved with your whole heart. My wish for our family now is to carry on with that same type of love. The kind of love that shines brighter than any star in the sky. The kind of love that knows no conditions. You just loved...

Your soft touch brought peace to those who needed peace. Your kind smile brought such joy to the hearts of those who were in the room with you.

I will go on without you here,

As hard as that may be.

I will keep you in my heart and soul,

For all the world to see.

I'll love deeply and forgive sweetly.

I'll keep you with me. I love you like crazy, Grandma.

Melissa XO
