**Tribute from Judy Dallas**

Relation: Longtime customer at the store.

Terry was such a personable young man, who always welcomed customers. Dealt with him first in Oliver and latterly in Penticton for vacuum repairs and there was nobody better!! My thoughts are with his family at this time. Rest in Peace.

**Tribute from Krystal Best**

Relation: Best friend's daughter

I wish I had the words but this still doesn't feel real. There are some people that shine a light on the lives of those around them and Terry was truly one of them. For as long as I remember Terry and my dad were tied at the hip, best friends for life, always had each others back. I can say without hesitation that Terry was like an uncle to me. I will never forget that loving smile and the biggest hugs. The most

genuine and sweetest soul. Cruising around Penticton and West Kelowna in his boogie van in search of the best dessert spots. For those that had the privilege of being a part of Terry's life, we're truly blessed. Terry, thank you for all of the laughs and memories that I will forever hold close to my heart. I'll keep your bestie safe for you, until we meet again

**Tribute from Shelie Best**

Relation: Friends

Terry, my heart aches to have learned of your passing. I will always hold you in a special "Bear Hug". I am so grateful for you, and all the years of making my Bro's life so much more meaningful, he truly loved being with you and a part of your family. We will continue to tell stories full of love and laughter. You always wore a smile, never complained, even when we knew you were hurting. The last visit i had with you was at the store, and we shared many laughs and hugs. I will cherish that day with you. Love you my friend, rest easy now. Wishing your family peace during this difficult time.

**Tribute from Tyler Best**

Relation: Best Friend's Son

Terry, you were a good man on so many levels. The world feels less bright and like it's missing something without your smile, jokes, and laughter that I had the pleasure of growing up with. My dad and I are both beyond words knowing that we won't have the opportunity to share those with you again. We were all better off with you around.

But our memories of you are there and they will be cherished. Rest easy, big guy.
