### **Tribute from Helen Hudson**

Relation: Work

I was so sorry to read of Thelma's passing. She was my boss when I first started at Rev Can. She was firm but fair. In the years since we have met here and there and talked about the old times. I was glad that Thelma could spend more time helping out in her community when she retired. Rest in Peace Thelma. My sympathies to her Family.

### **Tribute from Joy Harrison**

Relation: co-worker

I knew Thelma from working at Revenue Canada. I transferred to Penticton from Winnipeg in 1985. For the first little while I had little contact with anyone outside the three person unit I worked in. Then, I received a promotion which required a lot of travel, and the service of letter perfect legal documents. I got to know Thelma's kindness, patience and compassion during those few days a month when all documents had to be prepared in the office. She was a generous person and I really needed her understanding during that time of my work life. I ended up on medical leave for stress related illness, and returned to work after nearly a year away. It was a time of huge change and transition in the department, in the late 80's and early 90's as we switched from paper to computers. That spelled the end of the "steno pool", and the beginning of each worker doing their own letters via the computer system. I was privileged to be part of a retrospective of women/technology skit that was put on for her retirement party. It was lots of fun and laughter. She was a great person and will be missed. God Bless you and all of her family. Joy Harrison

Relation: Through the Ladies Auxillary,Br. #40-Penticton

We were at the tea today, to honor Thelma's Life. What a life she led. Always thinking of others. Doing what she could to make Okanagan Falls a better place. We had a laughable time at all our Conventions with Thelma's sense of humour. A great Lady...she will be missed by all the Ladies Auxiliaries.
