### **Tribute from Cheryl Kliever**

Relation: Family friend

Dear Debra, Neil, & Families, We were sorry to hear of the passing of Vera; she will be missed by so many. She was always so welcoming & interested when we came back to Oliver for visits. I know these later years were difficult ones, but I trust you will be comforted by the special memories of a wonderful woman - Mother, Grandmother, Great-Grandmother, and Friend and can look forward to seeing her again!

### **Tribute from Kathy Ford**

Relation: friend

We are so sorry to hear of Vera's passing. She and Bill were great friends of my parents even looked after them for a about a month one time. Vera was so easy to talk with. I'll miss our long chats. She was such a devoted wife and mother. Every night, she and Bill would tell each other they were glad they married each other. And she was steadfast in her strong faith. I remember her love of gardening, both fruit and flower, picking up hazelnuts with her, being given some of her bounty. She and Bill were always so welcoming and hospitable. For me it's not goodbye but see you on the other side Vera.

### **Tribute from Pauline Harms**

Relation: niece

So sorry to hear that my lovely aunt Vera has died. Although in the last many years we have not seen each other much, I always think of her as my warm, funny, sweet "glamorous" auntie. She always had a style about her that I admired and a way of engaging that made you feel special. Goodbye, dear Vera, a life well lived. You persevered through many challenges and adversities with what I perceived as great bravery and strength and you always seemed to clearly appreciated deeply all the joys that were given to you. You have been and still are an inspiration to so many, including me. Love, Pauline
