Tribute from Judy

Relation: Sister

Wes loved life. His trips to Winnipeg were always planned on what he was going to do everyday. He

always saw as many of his family that he could and also his many friends that were here. There was never a time that he didn't do a food run , and that included getting his Rye bread and his favorite garlic sausage to take back home. His visits always ended with a Potatoe club day with his siblings. . To Linda and Family our condolences. He was very unique and everyone loved him , he surely will never be forgotten . We have many thoughts and memories of Wes and they will live on through the stories we tell through our family . Res in peace. Love you, Judy.

Tribute from Craig DeCoursey

Relation: Close family friend

I was so saddened to hear about Wes' passing. My deepest condolences to the whole family. In particular Linda, Kerri, Paul, and the grandkids. We had the opportunity to spend so much time with Wes and all of you in Osoyoos. He was so kind and giving to my kids and help my family create so many memories. For myself I think often and fondly of YaYa as I had so many opportunities to spend time with him golfing. Memories I'll treasure forever. Hope to see you all in the near future.

Tribute from David Crawford

Relation: Friend of the family

If we all looked at life with the emphasis on kindness and welcoming attitude Yaya had the world would be a better place. He was humorous, practical, hard working and a true role model. He will be missed. Kara, Morgan, Barrett and I were fortunate to have met him ... and even better, spent time with him.
